PRODUCT DESCRIPTION

Original looks with easy installation and smart, eco-conscious operation – the GROHE Dice basin tap in dazzling chrome is ideal for modern bathrooms

Designed to enhance user satisfaction from first glance to everyday use, the stylish and practical GROHE Dice single-lever basin mixer combines a crisp cuboid shape with the gentle curve of the tactile metal handle. The medium sized tap is also super-sustainable, fulfilling all the demands of a modern bathroom. A flow limiter reduces water consumption to an efficient 5l/min (at 3 bar), while still giving a powerful jet of water. Inside, the durable GROHE SilkMove cartridge offers smooth, precise volume and temperature control, and the EcoStart feature also avoids wasting energy, because only cold water flows when the lever is in the mid position. An integrated temperature limiter saves even more energy. Thanks to the hard-wearing and easy to clean GROHE LongLife finish, this bathroom mixer in dazzling chrome will stay looking pristine for years to come. And the enclosed push-open plug is operated by just a light push of your finger. Surprisingly easy! Designed for single-hole installation – with the help of the QuickTool, QuickGuide and QuickVideo, the tap can be fitted in record time. By the way: our Dice collection can be perfectly combined with both round and square taps, showers, accessories and ceramics, to create a harmonious overall design.
