PRODUCT DESCRIPTION

This GROHE Dice basin mixer in stylish chrome scores highly in terms of ease of use and sustainability!

Rounded corners and the elegant, minimalist design of the GROHE Dice collection create an extraordinary aesthetic that is further enhanced by advanced technology and the highest quality. The height of the bathroom tap is 172mm. Thanks to the smooth and durable GROHE SilkMove ceramic cartridge, the water volume and temperature can be controlled with ease and precision using the high-quality metal lever. Positioning the lever in the centre ensures that only cold water flows, which reduces energy consumption. This tap offers remarkable efficiency and water savings - at a water pressure of 3 bar, the maximum flow rate is just 3.5 l/min. The push-open waste set makes it easy to open and close the drain with a single click. Thanks to the robust and easy-care GROHE LongLife coating in sparkling chrome, this product always remains flawless. This product is part of the GROHE QuickFix collection! Fitting is child's play with the QuickTool supplied. The QuickGuide and QuickVideo also help you to master the installation steps with ease. GROHE Dice – designed to match, built to last!
