SINGLE-LEVER BATH MIXER 1/2"

Article No: **23348001**

EAN Code: **4005176556609**

Date: **Sep 14. 2026**

PRODUCT DESCRIPTION

Update your bathroom with the GROHE Start Edge bath mixer for speedy installation – durable performance clad in an elegant shape

Discover the pleasure of a mixer design that marries simplicity and functionality for an affordable modern update. The GROHE Start Edge bath mixer features clean lines and a dazzling finish – all at a great price. Designed to be wall-mounted this bath mixer features an automatic diverter between bath and shower functions, plus an adjustable flow rate limiter for saving water and a temperature limiter for saving energy. Operation is via the solid metal lever handle and inside the GROHE Long-Life ceramic cartridge offers durable, reliable volume and temperature control. Additional safety offers an integrated non-return valve that prevents backflow of waste water into the water supply. And with the dazzling but hard-wearing GROHE Long-Life finish this bathroom mixer will stay looking pristine for years to come. Installation is surprisingly easy: Thanks to the GROHE QuickSpanner the mixer can be mounted with no need for further tools. If you need more guidance, watch our QuickVideo or have a look at the QuickGuide.
