Article No: **24335001**
EAN Code: **4005176743139**
Date: **Sep 14. 2026**

PRODUCT DESCRIPTION

Make a difference in your bathroom with the GROHE Swift bath mixer, a chic and super-practical tap at an appealing price

With a sleek new look and the latest features, designed to meet the demands of modern bathrooms, the new GROHE Swift collection offers comfort, quality and style. This single-lever bath mixer is designed to be wall-mounted, with a solid metal lever handle for tactile operation. The GROHE Long-Life ceramic cartridge delivers precise volume and temperature control year after year. An adjustable flow rate limiter reduces water consumption, while a temperature limiter saves energy. And the handy automatic diverter makes it super-easy to switch between bath inlet and hand shower. Just add the GROHE hand shower of your choice – and rinsing your hair in the bathtub is suddenly a luxurious pleasure. An integrated non-return valve in the shower outlet prevents backflow of waste water into the water supply. And thanks to the hard-wearing and easy-care GROHE Long-Life finish, the bathroom mixer will stay looking pristine for a lifetime. Installation is surprisingly easy: Thanks to the GROHE QuickSpanner the mixer can be mounted with no need for further tools. If you need more guidance, watch our QuickVideo or have a look at the QuickGuide.
