Article No: **30631000**
EAN Code: **4005176763687**
Date: **Sep 04. 2026**

PRODUCT DESCRIPTION

The stylish high-performance GROHE Start kitchen tap with pull-out feature in chic chrome – where easy installation meets great functionality!

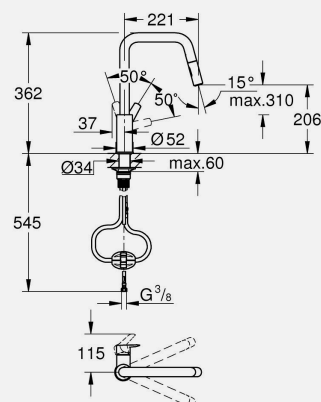

With its slim and contemporary design our stylish QuickFix bestseller has been refreshed to meet the demands of modern kitchens. It has a generous high spout that swivels through 360° – perfect for anyone who wants a kitchen island – and a pull-out spout with 2 spray options that delivers instant kitchen convenience. At the touch of a button you can switch between a splash-free laminar spray and the powerful shower jet. So this German engineered mixer looks great and makes light work of all kitchen tasks like rinsing veg, filling pots and cleaning the sink. The tap returns automatically to the laminar spray when turned off. Maintenance is easy as the GROHE SpeedClean spray nozzles can be brushed free of limescale with just your finger. This tap is also crafted to last. The durable GROHE SilkMove ceramic cartridge delivers precise volume and temperature control year after year. And the multi-layered coating of the hard-wearing and easy-care GROHE Long-Life chrome finish ensures a brilliant shine that lasts for years. An adjustable flow rate limiter reduces water consumption, while a temperature limiter saves energy. Protected Water Ways ensure that the water is lead- and nickel-free within the tap. And don't forget, with the GROHE QuickMount system, the single-hole installation is super easy! If you still need some guidance, watch our QuickVideo or have a look at the QuickGuide. Extend your guarantee from five to six years by registering your GROHE Start product!
